

Dr. Yuanman Li

Email: yuanmanli@szu.edu.cn, yuanmanx.li@gmail.com; Phone: (+86) 13927415980

Associate Research Fellow, College of Electronics and Information Engineering
Canghai Campus, Building N605, Shenzhen University, Shenzhen, China

SUMMARY:

Dr. Yuanman Li is an Associate Research Fellow at the School of Electronics and Information Engineering and a member of IEEE. He earned his Bachelor's degree in Software Engineering from Chongqing University in 2012. After graduating, he was awarded a full scholarship to the University of Macau, where he obtained his Master's degree in Software Engineering in 2015 and a Ph.D. in Computer Science in 2018.

From September 2018 to August 2019, he worked as a postdoctoral researcher at the National Key Laboratory of Internet of Things for Smart City in Macau. Since September 2019, he has been serving at the School of Electronics and Information Engineering at Shenzhen University. His research focuses on multimedia information security and computer vision. He has been honored with titles such as “Shenzhen Overseas High-Level Talent” and “Shenzhen Outstanding Scientific and Technological Innovation Talent”.

Dr. Li has led more than ten projects, including National Natural Science Foundation projects, provincial natural science foundation projects, and corporate-funded projects. He has been granted six Chinese invention patents, and has published over 50 research papers in prestigious international journals and conferences such as T-IFS, T-SC, T-CSVT, T-MM, T-NNLS, T-NSE, SPL, CVPR, ACMMM, and AAAI. His research achievements were recognized with the 2022 Macau Natural Science Award.

EDUCATION:

- PhD in Computer and Information Science, University of Macau, Macau (2015-2018)
- Master in Software Engineering, University of Macau, Macau (2012-2015)
- Bachelor in Software Engineering, Chongqing University, China (2008-2012)

WORKING EXPERIENCE:

- Associate Research Fellow, College of Electronics and Information Engineering, Shenzhen University, China (2021.06-)
- Assistant Professor, College of Electronics and Information Engineering, Shenzhen University, China (2019.09-)
- Post-Doc Fellow, the State Key Laboratory of Internet of Things for Smart City in Macau SAR, Macau (2018.09-2019.08)

RESEARCH INTERESTS:

- Multimedia Forensics and Security

- Multimedia Signal Processing
- Security and Privacy in Machine Learning
- Computer Vision and Big Data

COURSE TEACHING:

- Machine Learning
- Big Data Analysis
- Specialty Comprehensive Design
- Image and Audio-Video Processing Techniques and Cutting-Edge Applications

AWARDS AND HONOR:

- Macau Science and Technology Awards (3rd Prize, Natural Science Award), 2022
- Shenzhen Outstanding Scientific and Technological Innovation Talent Award, 2022
- Shenzhen University Research Excellence Award, 2022
- CCF-Alibaba Innovation Research Program Young Talent, 2022
- Shenzhen High-Level Overseas Talent Award, 2020
- Macau Postgraduate Technology Research and Development Award, 2018
- Outstanding graduate of Chongqing University, 2012
- National Scholarship of the Ministry of Education of the People's Republic of China, 2011
- The Second Prize of the National College Students Mathematical Modeling Contest, 2010

PROFESSIONAL ACTIVITIES:

- Member of IEEE, 2018-
- Guest Editor, Visual Intelligence, 2023-
- Chinese Society of Image and Graphics (CSIG) - Digital Forensics and Security Professional Committee Member, 2020-
- Area Chair, IEEE International Conference on Multimedia and Expo (ICME), 2023
- Session Chair, IEEE International Conference on Multimedia and Expo (ICME), 2023
- Session Chair, International Conference Security and Privacy in Digital Economy (SPDE), 2023
- Program Committee Member, AAAI, CVPR, ICCV and ACMMM, 2020-

INVITED TALKS:

- 2023 3rd Western Region Comprehensive Governance and Academic Development Seminar on Cyberspace Security: Research on Robust Source Forensics for Short Videos from Multiple Social Networking Platforms
- 2022 Alibaba Business Security Department Workshop: Recent Research on Multimedia Security.
- 2021 1st Macau Smart City Technology Seminar: Operation Chain Detection for Digital Images.
